DRAGO EUROPEAN ELITE ACADEMY

We are providing professional, proven, results-driven European academies methodologies to enhance individual player's game performance.

Our Goal is to provide young athletes the teachings, motivations and encouragement to develop their confidence and improve their game.

We will achieve our mission by following our Player Development Model, which aligns with the European Soccer Player Development initiatives and guidelines. Our modern teaching system is based on curriculums of the Europe's best Academies.

We believe that providing the right kind of instruction to young children is crucial in developing long term athletes, which correlates directly with healthier lifestyles, greater confidence and better well-being.
